

NATUROPATHIC MEDICINE CONSULTANT PROGRAM eLEARNING

The Naturopathic Medicine Consultant Program combines studies in basic health science courses (anatomy, physiology, kinesiology, pathology and chemistry) with core courses in holistic, herbal, and nutritional medicine, and along with massage and exercise therapy. Naturopaths work with clients on personal wellness, health promotion, illness prevention, and in cooperation with other health care professionals for the care of patients with medically diagnosed illness and disease.

Naturopaths work in hospitals, medical clinics, holistic health care centers, chiropractic offices, medical health spas, and as private practice consultants.

Students that complete the Naturopathic Medicine Consultant Program receive a diploma from the Blue Heron Academy of Healing Arts and Sciences, a state licensed post secondary school. The Naturopathic Medicine Consultant Program is licensed by the state of Michigan.

Students must complete all of the following courses:

<p><u>HEALTH SCIENCE COURSES –</u></p> <ul style="list-style-type: none"> a) Anatomy and Physiology b) Pathology I c) Kinesiology 	<p><u>NATURAL HEALTH CARE COURSES –</u></p> <ul style="list-style-type: none"> a) Holistic Health Consultant b) Massage Therapy Lymphedema c) Clinical Nutrition d) Herbal Medicine e) Personal Trainer f) Acupressure and Chinese Massage g) Medical Homeopathy
